

CHIPPEWA COUNTY GIS FEE SCHEDULE

- In the case of very large data sets, the user must provide a USB HDD upfront.
- Imagery mosaics are available in three formats – ECW (MGR or STPI), JP2, and SID.
- Payment is required upfront before any datasets will be distributed.
- The Data Use Request Form and Data Use Agreement must be signed.
- Use of GIS Data and fees are determined by the Chippewa County Board of Commissioners as authorized under Michigan Enhanced Access to Public Records, Act 462 of 1996, as amended, and in accordance with the Chippewa County Enhanced Access Policy.
